Location and Description

The SkyPark meets the demand from smaller businesses for well specified modern premises to enhance business outputs and reduce costs. Located moments from the A30 and Exeter Airport with less than 3 miles from the M5 Jct 29 makes for the perfect position.

The City of Exeter will home one of the biggest new generation of business parks, which anticipates over the next 20 years will have a significant impact on the local economy in creating over 6,000 jobs. Having a population in excess of 129,000 inhabitants. It provides a comprehensive range of retail, business and leisure amenities together with employment opportunities.

Sustainability

A major principle of SkyPark is the carefully planned integration which aims to enhance and unite the environment and infrastructure of its immediate location with the people who live near, work in and visit. All buildings will be designed and constructed to achieve a BREEAM Excellent rating. Both the Eon Energy Centre and the ASOC building have already achieved a BREEAM Excellent rating.
